PROFESSIONAL SUMMARY

A junior backend developer with hands-on experience building REST APIs using Python, Django, and Django REST Framework. Proficient in PostgreSQL, authentication, JWT, and permission-based access control. A Software Engineering student who has completed multiple backend-focused projects.

TECHNICAL SKILLS

Programming Languages: Python, C++

Backend: Django, Django REST Framework, REST API, Authentication & Authorization, JWT, Permissions, CRUD API

Databases: PostgreSQL, MySQL, SQLite, Django ORM

Technologies: Git, GitHub, Linux, DevOps Basics, DNS

AI-Assisted Development: Claude Code, OpenAI Codex, Google Antigravity

Data Structures & Algorithms: Arrays, Hash Tables, Two Pointers, Sliding Window, Stack, Linked Lists, Recursion, Basic Dynamic Programming (110+ LeetCode problems solved)

In Progress: FastAPI, Docker, Celery, Redis

PROJECTS

Mentor AI — Educational Artificial Intelligence Platform

Django, Django REST Framework, PostgreSQL, Google Gemini API

- Built a REST API backend supporting authentication and permission-based access control for teacher and student roles
- Integrated an AI-based homework management workflow with automated evaluation powered by the Gemini API
- Developed backend logic for assignment grading and student error tracking

LocaLens — Local Culture & Visit Experience Platform

- Contributed to a full-stack web platform connecting visitors with local culture and community
- Worked on backend and database components powering the platform's core functionality

E-Commerce / Shop Projects (Django)

- Developed backend components for multiple Django-based shop applications: models, CRUD views, and database relationships

EDUCATION

Tashkent University of Information Technologies (TATU)

Software Engineering — 2nd Year Student | 2025 – Present

COURSES

Najot Ta'lim — Python Backend Development

June 2026 – Present

- Python, OOP, Django, Django REST Framework, PostgreSQL, Git/GitHub, Linux, DevOps Basics, DNS
- Practical experience in REST API design, serializers, authentication, permissions, CRUD, pagination, search/filtering, and Swagger/ReDoc

SOFT SKILLS

Problem Solving, Analytical & Critical Thinking, Fast Learner, Self-Directed Learning, Teamwork, Communication

LANGUAGES

Uzbek — Native

English — B1
